

Administration of the Child Care Assistance Program

2020-2021 Polk County and Tribal Child Care Fund Plan

Administration of the Child Care Assistance Program

Background: Counties and tribes must submit a biennial Child Care Fund Plan to the commissioner. Child Care Assistance Program (CCAP) rules and laws allow counties and tribes to establish some local policies and procedures. These local policies and procedures, when included in this plan and approved by the commissioner, are considered county/tribal policy and are used to support agency decisions during appeals. The Department of Human Services (DHS) will review and approve County and Tribal Child Care Fund Plans. Counties and tribes will receive approval letters for their Child Care Fund Plans from the commissioner of DHS. This plan period begins on January 1, 2020.

Minnesota Statute, section 119B.08, subdivision 3

Steps to complete the plan process:

Step One – Review the plan

Review this plan to make sure you understand what's being asked. Determine if there are changes to policies or procedures compared to previous plans, or if there are new policies or procedures. Involve other staff as needed.

Note: New questions were added and questions may have been re-ordered, changed, or removed.

Step Two – Draft the plan responses

Step Three – Inform or involve stakeholders

DHS encourages counties and tribes to develop optional policies for the Child Care Assistance Program in coordination with local child care stakeholders. This may include: parents, child care providers, culturally specific service organizations, Child Care Aware agencies (formerly known as child care resource and referral agencies), interagency early intervention committees, potential collaborative partners and agencies involved in the provision of care and education to young children. Consult with other agency staff such as fraud investigators and income maintenance and employment services staff.

Step Four – Share the draft plan

Prior to submission, you must make copies of the proposed plan available to the public and allow sufficient time for public review and comment. See question II.D of this plan; describe methods used to make the plan available to the public, particularly to those members listed in II.D.

Step Five – Submit the plan by the deadline

Submit the plan by the deadline, and note these guidelines:

- Identify all optional county/tribal Child Care Assistance Program policies; see question IX.A.
- Do not answer questions by stating that the reviewer should refer to a previous plan.
- Submit any agency-developed forms that have not been previously submitted and approved. Do not submit DHS and MEC² standardized forms. Refer to the DHS memo announcing this plan for a list of DHS created documents that are required for CCAP.
- Provide an answer to each question. Incomplete plans will be returned.

Amendments to plans

A county or tribe may amend their Child Care Fund Plan at any time, but the commissioner must approve the amendment before it becomes effective. If approved by the commissioner, the amendment is effective on the date requested by the agency unless a different effective date is set by the commissioner. Plan amendments must be approved or denied by the commissioner within 60 days after receipt of the amendment request. The department reserves the right to direct a county or tribe to amend its child care fund plan if the plan is no longer in compliance with Minnesota Statutes, Minnesota Rules, or federal law.

Minnesota Rules, part 3400.0150, subpart 3

Amendments include changes in county/tribal contacts, county/tribal optional policies, new or revised forms and notices. Amendments can be sent in letter form or by email to the agency's CCAP policy specialist.

D. Subcontracted services

Counties and tribes may contract with an agency to administer all or part of their Child Care Assistance Program.

Minnesota Rules, part
3400.0140, subpart 7

If you are planning any changes in the administration of your CCAP, tell your CCAP policy specialist immediately. This could involve subcontracting or mergers of counties. Failing to notify DHS may delay the changes that you are planning to make.

Does your county or tribe contract with an agency for any part of the administration of CCAP? Yes No

Do not include cooperative agreements with employment and training service providers that work with MFIP/DWP families to develop and approve the employment service plan.

II. Collaboration and outreach

A. How do you share information about the Child Care Assistance Program so that individuals, child care providers, social service agencies, etc. are aware of child care assistance? (Minnesota Rules, part 3400.0140, subpart 2)

Keep in contact with providers and centers and supply applications to them to distribute to their families. Will continue to attend meetings and parent gatherings at Head Start Program when requested. Attend community outreach fairs.

B. Agencies are required to work with other public and private community resources that provide services to families to maximize community resources for families with young children. These other resources include, but are not limited to, Child Care Aware, School Readiness, Early Learning Scholarships, Head Start, and Early Childhood Screening. List the community programs your agency works with. (Minnesota Statute, section 119B.08, subdivision 3 (1))

Polk County works with the Head Start Programs to distribute applications to those in need and assist in covering care along with the parent aware grants.

C. How do you work with the community based programs and service providers identified above to maximize public and private community resources for families with young children? Include in this description the methods used to share information, responsibility, and accountability among these service and program providers as you work to foster collaboration among agencies and other community-based programs that provide flexible, family-focused services to families with young children and to facilitate transition into kindergarten.

The agency uses MFIP Case Managers and Family Based Service Providers to coordinate child care with other community based programs. Schools have school based Social Workers that make referrals for families in need. Information and applications are given to Head Start and other community programs to disburse to families in need.

D. Copies of the proposed plan must be made reasonably available to the public, including those interested in child care policies such as parents, child care providers, culturally specific service organizations, Child Care Aware of Minnesota agencies (child care resource and referral), interagency early intervention committees, potential collaborative partners and agencies involved in the provision of care and education to young children. **You must allow time for public review and comment prior to submitting this plan to DHS for approval.** (Minnesota Statute, section 119B.08, subdivision 3 (2)).

1. Describe your procedures and methods to make copies of the **draft plan** reasonably available to the public.

The Polk County Child Care Fund Plan is posted on the Polk County website to allow public viewing and comments. If public comments or suggestions are made that would be beneficial an amendment can be requested to the plan by the director.

2. When was your draft plan available for public review?

The draft will be posted on the Polk County website a minimum of 14 days prior to submission to DHS.

E. After your plan is approved by DHS, do you post your approved county/tribal plan on your website? Yes No

III. Eligibility

A. Education plans outside an Employment Plan

Prior to completing this section, please review [Minnesota Rules, part 3400.0040](#) and [Minnesota Statutes 119B.10 Subdivision 3](#) in their entirety to ensure your policies are in compliance.

1. High school diploma/GED high school equivalency diploma

1a. Do you approve all high school and GED programs? Yes No

2. Remedial and basic skills courses (includes Adult Basic Education and English as a Second Language)

2a. Do you approve all remedial and basic skills courses? Yes No

3. Post-secondary programs

3a. Describe your criteria and procedures for approving a post-secondary program outside an Employment Plan that will lead to employment.

Each student must complete an "Education Plan" with an assigned county representative that will lead to reasonable full time employment. Reasonable full time employment shall be defined as employment that will lead to self sufficiency. The "Education Plan" approval will be determined by the case manager; if the education is questionable, the plan will be reviewed by a team consisting of Polk County CCAP case managers and the supervisor to determine eligibility.

3b. Identify the factors that contribute to the above criteria (for example: the availability of jobs where family resides or intends to reside, wage data, job placement rates in field of study).

Each student must choose a specific major to show a goal for employment; General Studies/Liberal Arts does not show a set goal for reaching self sufficient employment. With a specific major the applicant will be able to verify a salary range showing they will be self sufficient once employed.

4. Changes to education plans outside an Employment Plan

4a. Do you have a different approval policy if a participant requests a change to their education plan? Yes No

B. Basic Sliding Fee Waiting List management

1. Priorities for service

Have you established sub-priorities for the fifth priority Basic Sliding Fee waiting list beyond those required in [Minnesota Statute, section 119B.03, subdivision 4](#)?

Yes No

2. Six month review of Basic Sliding Fee Waiting List

CCAP Policy Manual,
Chapter 4.3.12.12

Minnesota Statute, section
119B.03, subdivision 2

2a. Statute requires that you review and update your waiting list at least every six months. How are families notified of this six month review? Describe your agency's process for reviewing and updating the waiting list. Please include your agency's six month review letter in Section IX.B. If your agency does not currently have a waiting list, describe your process in the event your agency does start a waiting list.

Families are sent a Waiting List Redetermination Notice (county form) and given notice that they need to return the paperwork within 15 days. If the Waiting List Redetermination Notice is not completed and returned by the

deadline given on the Waiting List Redetermination Notice the families name will be removed from the waiting list.

2b. When families are removed from the waiting list for not responding to the six month review are they sent an additional notice or does the six month review letter include notification they will be removed from the waiting list if they do not respond?

The initial request on the county's Waiting List Redetermination Notice informs families that if not returned by the deadline their name will be removed from the waiting list.

3. Applications mailed to families on the Basic Sliding Fee Waiting List

Applications must be sent to families on the waiting list when there is funding available for Basic Sliding Fee. When do you remove the family from the waiting list?

- Family is removed from the waiting list when the application is sent to the family. The notice sent with the application informs the family that their name has been removed from the waiting list.
- Family is removed from the waiting list when you receive the completed application. If no application is received, the family is removed at the end of the time period allowed for returning the application. The notice sent with the application informs the family that their name will be removed from the waiting list if the application is not received by the deadline.

3. Temporarily ineligible families on the Basic Sliding Fee Waiting List

When a family reaches the top of the waiting list and is temporarily ineligible for child care assistance, leave the family at the top of the waiting list for a period of time not to exceed 90 calendar days, according to priority group and serve the applicant who is next on the waiting list unless an alternative procedure is provided in the agency's plan.

Minnesota Rules, part
3400.0040, subpart 17

Minnesota Rules, part
3400.0060, subpart 6

Are there exceptions to the 90 day policy that extends the timeframe for a family who has reached the top of the waiting list and is temporarily ineligible?

- Yes
- No

C. Child care for school release days

1. How do case workers authorize care for school release days in your agency?

- Authorize actual hours needed and increase or decrease hours based on known school release days.
- Authorize the hours care is needed when there are no school release days.
- Authorize the highest number of hours care is needed with the provider.
- Other method.

CCAP Policy Manual,
Chapter 9.1.3

2. How do you communicate scheduled and authorized hours to parents, providers and billing workers?

Parents and providers are informed by phone or by comments on the service authorizations notifying them they are able to bill families for non-school days. Polk County asks providers to make a note in the comment box to notify the billing worker of any non-school day that needs to be submitted for payment and hours increased.

D. Child care for families with flexible schedules

1. How do case workers authorize care for families with flexible schedules in your agency?

CCAP Policy Manual,
Chapter 9.1.6

- Authorize the typical number of hours needed and when the schedule requires additional care, the provider bills for the additional care.
- Authorize the minimum number of hours care is needed and when the schedule requires additional care, the provider bills for the additional care. Payment is made by increasing the number of hours listed in the "total hours of care authorized" field on the billing window or by creating a new Service Authorization.
- Authorize the highest number of hours care is needed with the provider. The provider is expected to bill only for the time that care is needed.
- Other method.

2. How do you communicate scheduled and authorized hours to parents, providers and billing workers?

Parents and providers are informed by phone or by comments on the service authorizations notifying them of the hours for the families. Billing workers approve the hours authorized. If hours billed exceed the hours authorized the provider will need to make a comment on the billing form why the family is requesting an increase in hours. The billing worker will then contact the CCAP eligibility worker to verify that the increase can be authorized.

E. Authorizing care for clients with Employment Plans

Job counselors and CCAP workers must communicate child care needs for clients with Employment Plans. Guidance is found in [CCAP Policy Manual, Chapter 9.1.5](#).

1. CCAP workers must obtain an activity schedule or the days and times that child care is needed. Who is responsible for obtaining the schedule information from the client?

- Job counselor provides schedule or days and times that child care is needed to CCAP worker.
- CCAP worker obtains schedule from client.
- Other method.

2. How do you communicate required information between job counselors and CCAP workers (email, fax, case notes, verbal, DHS-7054, etc.)?

The CCAP worker attends a monthly meeting with the job counselors to review cases. If activities change prior to meeting or after the meeting, contact will be through e-mail or verbal contact. The CCAP worker also receives all copies of the status updates submitted to the financial eligibility worker.

IV. Provider compliance policies

A. Reasons for closing a provider's registration

[Minnesota Statutes, section 119B.13, subdivision 6\(d\)](#) allows counties and tribes to refuse to issue a child care authorization, revoke an existing authorization for a provider, stop payment, or refuse to pay a bill under circumstances described in the six clauses below. Counties and tribes must indicate which clauses they will include in their plan, and must apply the policies consistently to providers.

CCAP Policy Manual,
Chapter 9.3

CCAP Policy Manual,
Chapter 14

- An agency cannot implement these policies without establishing them in their plan.
- An agency must notify their CCAP Policy Specialist at least 10 days prior to closing a provider's registration or taking any other action to enforce any of these policies, except clause 4 when notified by DHS.
- An agency that does not implement these policies may still pursue a fraud disqualification for a provider. These policies can be used in addition to, or in combination with, a fraud disqualification.

Does your agency plan to disqualify providers for reasons listed in Minnesota Statutes, section 119B.13, subdivision 6(d)? Yes No

Which clause(s) does your agency plan to implement? Check all that apply.

- Clause 1:** A provider admits to intentionally giving the agency materially false information on the provider's billing forms.

If you checked Clause 1, your agency must also pursue, at minimum, a disqualification and establishment of an Intentional Program Violation (IPV) using the Administrative Disqualification (ADH) process described in Chapter 14 of the CCAP Policy Manual. The agency should consider pursuing a fraud determination through other means described in section 14.12.6 in the CCAP Policy Manual. There also may be overpayments charged to the provider applied to time periods when Clause 1 occurred.

When enforcing this clause, you have the option to use MEC² generated notices or DHS optional notices to notify providers and/or families. The DHS optional notice to families communicates they are still eligible for CCAP. The DHS optional notice to providers gives specific information on why their registration closed and, according to policy, does not include provider appeal rights. Contact your CCAP Policy Specialist for samples of the DHS optional notices and instructions on how to use the notices.

What type of notice will you send to families? MEC² generated notices DHS optional notices

What type of notice will you send to providers? MEC² generated notices DHS optional notices

Note: If your agency uses DHS optional notices, add the optional notice(s) to Section IX.B and if the document(s) have not yet been approved by DHS, submit with this plan for review and approval. You must also close the provider's registration in MEC². Contact your CCAP Policy Specialist for system instructions.

- Clause 2:** The agency finds a preponderance of evidence that the provider intentionally gave the agency materially false information on the provider's billing forms or attendance records.

If you checked Clause 2, your agency must also pursue, at minimum, a disqualification and establishment of an Intentional Program Violation (IPV) using the Administrative Disqualification (ADH) process described in Chapter 14 of the CCAP Policy Manual. The agency should consider pursuing a fraud determination through other means as described in section 14.12.6 in the CCAP Policy Manual. There also may be overpayments charged to the provider applied to time periods when Clause 2 occurred.

When enforcing this clause, you have the option to use MEC² generated notices or DHS optional notices to notify providers and/or families. The DHS optional notice to families communicates they are still eligible for CCAP. The DHS optional notice to providers gives specific information on why their registration closed and, according to policy, does not include provider appeal rights. Contact your CCAP Policy Specialist for samples of the DHS optional notices and instructions on how to use the notices.

What type of notice will you send to families? MEC² generated notices DHS optional notices

What type of notice will you send to providers? MEC² generated notices DHS optional notices

Note: If your agency uses DHS optional notices, add the optional notice(s) to Section IX.B and if the document(s) have not yet been approved by DHS, submit with this plan for review and approval. You must also close the provider's registration in MEC². Contact your CCAP Policy Specialist for system instructions.

- Clause 3:** A provider is in violation of Child Care Assistance Program rules, until the agency determines the violations have been corrected.

- Clause 4:** A provider is operating after receipt of a licensing order of suspension or revocation (this occurs when providers are appealing the revocation or suspension) or a final order of conditional license, for as long as the conditional license is in effect.

Note: Agencies do not have the option to close registrations of providers operating with conditional licenses.

If you choose this option, DHS will send you a list once a month to inform you of providers in this category. You may act sooner if you learn of this licensing status through your licensors, etc. Contact your CCAP Policy Specialist if you are planning to take action prior to receiving the monthly DHS listing.

- Clause 5:** A provider submits false attendance reports or refuses to provide documentation of the child's attendance upon request.

How will your agency determine the provider has corrected the condition?

For a provider to verify they have corrected the violation they will be required to: The first time a provider violates Clause 5, the agency will send the provider a written warning, which explains the violation and possible future consequences. The provider will also be required to sign a Provider Compliance Affidavit.

Your agency may withhold payment for a period of up to three months beyond the time the condition has been corrected.

Will you apply a penalty period beyond when the condition is corrected? Yes No

How long will payment be withheld once the condition has been corrected (not to exceed three months)?

Payments will be withheld only after the second and subsequent violations as follows:
1. The second time a provider violates Clause 5, the agency will close the provider's registration for 30 days beyond when the condition has been corrected. *
2. For any subsequent violations under Clause 5, the agency will close the provider's registration for 60 days beyond when the condition has been corrected.*
* In instances where a provider's registration closes, the provider will be required to re-register to receive CCAP. The new approval date to become registered will be the later of, the date the registration form is received in the agency or the 30/60 day suspension time frame is met.

When enforcing this clause, you have the option to use MEC² generated notices or DHS optional notices to notify providers and/or families. The DHS optional notice to families communicates they are still eligible for CCAP. The DHS optional notice to providers gives specific information on why their registration closed and, according to policy, does not include provider appeal rights. Contact your CCAP Policy Specialist for samples of the DHS optional notices and instructions on how to use the notices.

What type of notice will you send to families? MEC² generated notices DHS optional notices

What type of notice will you send to providers? MEC² generated notices DHS optional notices

Note: If your agency uses DHS optional notices, add the optional notice(s) to Section IX.B and if the document(s) have not yet been approved by DHS, submit with this plan for review and approval. You must also close the provider's registration in MEC². Contact your CCAP Policy Specialist for system instructions.

Clause 6: A provider gives false child care price information.

Clause 7: A provider fails to report decreases in a child's attendance. A provider must report to the county on the billing form when a child's attendance in child care falls to less than half of the child's authorized hours or days for a four-week period.

B. Notification to providers

Your agency must notify all currently registered providers and any new providers wishing to register with your agency of the provider compliance clause(s) being implemented. Notification options include:

- Sending a mailing to all providers registered with your agency.
- Adding information to your agency's provider registration packets.

How will you notify providers about the provider compliance clauses your agency is choosing to implement? Add the notification document(s) to Section IX.B and if the document(s) have not yet been approved by DHS, submit with this plan for review and approval.

The county form [Provider Compliance Policies (Reasons for Closing a Provider's Registration)] has been added to all provider type registration packets.

Note: This notice differs from the adverse action notice your agency sends when closing an individual provider's registration under these clauses.

V. Policies applicable to legal nonlicensed (LNL) providers

A. Unsafe care

An agency may deny authorization as a child care provider to any applicant or rescind authorization of any provider when the agency knows or has reason to believe that the provider is unsafe or that the circumstances of the chosen child care arrangement are unsafe. See [Minnesota Statute, section 119B.125, subdivision 4](#). When a provider's authorization is rescinded due to unsafe care, the agency must close the provider's registration with a 15 calendar day notice. If there is also an imminent risk of harm to the health, safety or rights of the child(ren) in care with a legal nonlicensed provider, child care authorization must be terminated immediately.

The department has identified that when substantiated maltreatment occurred in a legal nonlicensed care setting related to an incident where a child died or was seriously injured, the child care setting is considered unsafe care. A serious injury is one that requires treatment by a physician.

What other conditions of unsafe care does your agency apply to legal nonlicensed (LNL) providers or legal nonlicensed care arrangements **beyond those contained in Minnesota Statute, sections 245C.14 or 245C.15?**

None

NOTE: The Consolidated Appropriations Act of 2018 (Public Law 115-141) prohibits states from expending federal CCDF funds on providers where a serious injury or death occurred due to substantiated health or safety violations.

B. Imminent risk

Some unsafe care conditions present an imminent risk for children in care. When there is an imminent risk of harm to the health, safety or rights of a child in care with a legal nonlicensed (LNL) provider, child care authorization must be terminated immediately. Agencies do not need to give the provider at least 15 calendar days notice. See [Minnesota Rules 3400.0035, subpart 5, clause E](#).

What conditions does your agency recognize as presenting an imminent risk to the health, safety or rights of a child in care with a legal nonlicensed provider?

Weapons in the home not safely stored. Drug paraphernalia in plain sight.

C. Annual monitoring

Any legal nonlicensed (LNL) provider with an open Service Authorization for a child who is not related to them must have an annual monitoring visit. Related means the provider is the child's sibling, grandparent, great-grandparent, aunt, or uncle of the child, based on blood relationship, marriage or court decree.

1. How does your agency track legal nonlicensed providers who are registered with your agency and who have an open Service Authorization for unrelated children?

Polk County keeps a list of legal nonlicensed providers that are providing care to unrelated children.

2. What are your agency's internal processes and procedures for completing monitoring visits?

1. Polk County will track all providers required to have a monitoring visit.
2. An appointment letter will be sent to the provider informing them of the date and time of their appointment.
3. The supervisor, or other assigned county representative, will perform the annual monitoring visit and complete the CCAP Legal Nonlicensed Provider Monitoring Checklist (DHS-7867) to determine provider compliance.
4. Once the visit has been completed and compliance met; the supervisor, or other assigned county representative, will follow up by completing the Monitoring Visit Summary (DHS-7867A), and submit to DHS.

3. If a provider does not show compliance with an annual monitoring visit, under what conditions can they receive CCAP payments in the future?

Only if the provider is licensed

The provider must show compliance with another monitoring visit

If the agency performs another monitoring visit, what conditions are placed on the visit? For example, is there a time limit that the provider must wait before the visit can be performed? Is there a limit on the number of re-inspections?

1. A second monitoring visit will be scheduled with the provider a minimum of 1 week (seven days) after the initial visit to allow the provider time to become compliant. The supervisor, or other assigned county representative, will schedule the secondary appointment to go through the CCAP Legal Nonlicensed Provider Monitoring Checklist (DHS-7867).

2. A maximum of two re-inspections will be scheduled to reach compliance. The third and final inspection will be scheduled within 1 month (30 days) of the second re-inspection.

3. Examples of documenting compliance will be as follows but not limited to: showing receipts for fire extinguishers or other items purchased, documenting the correction(s) made, and/or making the correction on site.

D. Complaints and incidents

1. Records of substantiated parental complaints

Within 24 hours of receiving a complaint concerning the health or safety of children under the care of a legal nonlicensed (LNL) provider, an agency must relay the complaint to the agency's child protection agency, county public health agency, local law enforcement, and/or other agencies with jurisdiction to investigate complaints. Information regarding substantiated complaints must be released following applicable data privacy laws. See [Minnesota Statutes Chapter 13](#). When a report is substantiated, see Minnesota Rules, part 3400.0140, subpart 6, for record retention and provider payment policies.

When complaints are substantiated how do you:

1a. Maintain these records?

Polk County will maintain a provider investigative file on cases where maltreatment was determined for 10 years. All other substantiated allegation records will be retained for a minimum of 3 year up to 5 years. When Legal Non-Licensed providers are denied the family in their care is notified by written correspondence.

1b. Make this information available to the public when requested?

Upon request the public will be informed whether the Legal Non-Licensed provider remains compliant with all requirements or is currently not authorized to provide care to families based on the current applicable data privacy laws.

2. Aggregate reporting of incidents

At least quarterly, agencies must report to the Minnesota Department of Human Services the aggregate number of deaths, serious injuries, and substantiated maltreatment incidents for children under the care of legal nonlicensed (LNL) providers.

How will you record and maintain accurate counts of incidents that occur in legal nonlicensed settings registered by your agency?

The record of each incident will be kept on file by the assigned county representative that prepares the report to be able to accurately report each incident.

VI. Special needs rates

Special needs rates, above the standard maximum rates, can be paid to providers if approved by the commissioner of DHS (up to the provider's charge).

If a provider receives an authorization of care and a billing form for an eligible family, the provider must submit the billing form to the agency within 60 days of the last date of service on the billing form. If the provider shows good cause for the delay you may pay bills submitted after 60 days.
